## CONTINUING EDUCATION REQUIREMENTS FOR LICENSED APPLICATORS

TO: ALL LICENSED APPLICATORS

The Structural Pest Control Board has amended section 1950 – Continuing Education Requirements, of Title 16 of the California Code of Regulations, to establish continuing education requirements for all licensed applicators. Each licensed applicator is required to gain a certain number of continuing education hours **during the three-year renewal period** as a **condition** to the renewal of the license, as follows:

For the renewal period ending December 31, 2008, and each subsequent renewal period, a licensed applicator shall have completed 12 hours of Board approved continuing education. Such continuing education shall consist of eight hours of continuing education covering pesticide application and use, and four hours covering the Structural Pest Control Act and its rules and regulations or structural pest related agencies' rules and regulations.

If you have any questions regarding this regulation, please contact the Board at (916) 561-8700.
