16 17 **JURISDICTION**

18 6. This Petition to Revoke Probation is brought before the Structural Pest Control Board
19 (Board), Department of Consumer Affairs, under the authority of the following laws. All section
20 references are to the Business and Professions Code unless otherwise indicated.

21 7. Section 8620 of the Code provides, in pertinent part, that the Board may suspend or
22 revoke a license when it finds that the holder, while a licensee or applicant, has committed any
23 acts or omissions constituting cause for disciplinary action or in lieu of a suspension may assess a
24 civil penalty.

25 8. Section 8625 of the Code states:

26 "The lapsing or suspension of a license or company registration by operation of law or by
27 order or decision of the board or a court of law, or the voluntary surrender of a license or
28 company registration shall not deprive the board of jurisdiction to proceed with any investigation

1 of or action or disciplinary proceeding against such licensee or company, or to render a decision
2 suspending or revoking such license or registration.”

3
4 **STATUTORY PROVISIONS**

5 9. Section 8572 subdivision (a)(4) states:

6 “Notwithstanding any other provision of law, the board may, in its sole discretion, issue
7 probationary license to an applicant subject to terms and conditions deemed appropriate by the
8 board, including, but not limited to, the following:

9 ...

10 (4) Compliance with all provisions of this chapter.”

11 10. Section 8639 of the Code states:

12 “Aiding or abetting an unlicensed individual or unregistered company to evade the
13 provisions of this chapter or knowingly combining or conspiring with an unlicensed individual or
14 unregistered company, or allowing one's license or company registration to be used by an
15 unlicensed individual or unregistered company, or acting as agent or partner or associate, or
16 otherwise, of an unlicensed individual or unregistered company to evade the provisions of this
17 chapter is a ground for disciplinary action.”

18 11. Section 8642 of the Code provides in pertinent part:

19 “The commission of any grossly negligent or fraudulent act by the licensee as a pest
20 control operator, field representative, or applicator or by a registered company is a ground for
21 disciplinary action.”

22 12. Section 8538 of the Code provides in pertinent part:

23 “(a) A registered structural pest control company shall provide the owner, or owner's agent,
24 and tenant of the premises for which the work is to be done with clear written notice which

2 PESTICIDES ARE TOXIC CHEMICALS. Structural Pest Control Companies are registered and
3 regulated by the Structural Pest Control Board, and apply pesticides which are registered and
4 approved for use by the California Department of Pesticide Regulation and the United States
5 Environmental Protection Agency. Registration is granted when the state finds that, based on
6 existing scientific evidence, there are no appreciable risks if proper use conditions are followed or
7 that the risks are outweighed by the benefits. The degree of risk depends upon the degree of
8 exposure, so exposure should be minimized.

9 "If within 24 hours following application you experience symptoms similar to common
10 seasonal illness comparable to the flu, contact your physician or poison control center (telephone
11 number) and your pest control company immediately." (This statement shall be modified to
12 include any other symptoms of overexposure which are not typical of influenza.)

13 "For further information, contact any of the following: Your Pest Control Company (telephone

22 commissioner by the 10th day of the month following the month of application and a copy shall
23 be maintained by the licensee for a period of three years after the report submission date ... When
24 a registered structural pest control company performs no pest control during a month in a county
