23. Code section 118 states, in pertinent part:

> (b) The suspension, expiration, or forfeiture by operation of law of a license issued by a board in the department, or its suspension, forfeiture, or cancellation by order of the board or by order of a court of law, or its surrender without the written consent of the board, shall not, during any period in which it may be renewed, restored, reissued, or reinstated, deprive the board of its authority to institute or continue a disciplinary proceeding against the licensee upon any ground provided by law or to enter an order suspending or revoking the license or otherwise taking disciplinary action against the licensee on any such ground.
>
> (c) As used in this section, "board" includes an individual who is authorized by any provision of this code to issue, suspend, or revoke a license, and "license" includes "certificate," "registration," and "permit."

24. Code section 8624 states:

> If the board suspends or revokes an operator's license and one or more branch offices are registered under the name of the operator, the suspension or revocation may be applied to each branch office.
>
> If the operator is the qualifying manager, a partner, responsible officer, or owner of a registered structural pest control company, the suspension or revocation may be applied to the company registration.

The performance by any partnership, corporation, firm, association, or registered company of any act or omission constituting a cause for disciplinary action, likewise constitutes a cause for disciplinary action against any licensee who, at the time the act or omission occurred, was the qualifying manager, a partner, responsible officer, or owner of the partnership, corporation, firm, association, or registered company whether or not he or she had knowledge of, or participated in, the prohibited act or omission.

25. Code section 8654 states:

Any individual who has been denied a license for any of the reasons specified in Section 8568, or who has had his or her license revoked, or whose license is under suspension, or who has failed to renew his or her license while it was under suspension, or who has been a member, officer, director, associate, qualifying manager, or responsible managing employee of any partnership, corporation, firm, or association whose application for a company registration has been denied for any of the reasons specified in Section 8568, or whose company registration has been revoked as a result of disciplinary action, or whose company registration is under suspension, and while acting as such member, officer, director, associate, qualifying manager, or responsible managing employee had knowledge of or participated in any of the prohibited acts for which the license or registration was denied, suspended or revoked, shall be prohibited from serving as an officer, director, associate, partner, qualifying manager, or responsible managing employee of a registered company, and the employment, election or association of such person by a registered company is a ground for disciplinary action.

26. Code section 8625 states:

The lapsing or suspension of a license or company registration by operation of law or by order or decision of the board or a court of law, or the voluntary surrender of a license or company registration shall not deprive the board of jurisdiction to proceed with any investigation of or action or disciplinary proceeding against such licensee or company, or to render a decision suspending or revoking such license or registration.

27. Code section 8639 states:

Aiding or abetting an unlicensed individual or unregistered company to evade the provisions of this chapter or knowingly combining or conspiring with an unlicensed individual or unregistered company, or allowing one's license or company registration to be used by an unlicensed individual or unregistered company, or acting as agent or partner or associate, or otherwise, of an unlicensed individual or unregistered company to evade the provisions of this chapter is a ground for disciplinary action.

28. Code section 8639 states:

"Misrepresentation of a material fact by the applicant in obtaining a license or company registration is a ground for disciplinary action."

29. Code section 8641 states:

Failure to comply with the provisions of this chapter, or any rule or regulation adopted by the board, or the furnishing of a report of inspection without the making of a bona fide inspection of the premises for wood-destroying pests or organisms, or

furnishing a notice of work completed prior to the completion of the work specified in the contract, is a ground for disciplinary action.

30. Code section 8613 states:

A registered company which changes the location of its principal office or any branch office or which changes its qualifying manager, branch supervisor, officers, or its bond or insurance shall notify the registrar in writing of such change within 30 days thereafter. A fee for filing such changes shall be charged in accordance with Section 8674.

31. Code section 8651 states:

The performing or soliciting of structural pest control work, the inspecting for structural or household pests, or the applying of any pesticide, chemical, or allied substance for the purpose of eliminating, exterminating, controlling, or preventing structural pests in branches of pest control other than those for which the operator, field representative, or applicator is licensed or the company is registered is a ground for disciplinary action.

32. Code section 8610(c) states:

Each registered company shall designate an individual or individuals who hold an operator's license to act as its qualifying manager or managers. The qualifying manager or managers must be licensed in each branch of pest control in which the company engages in business. The designated qualifying manager or managers shall supervise the daily business of the company and shall be available to supervise and assist all employees of the company, in accordance with regulations which the board may establish.

33. Code section 8612 states:

The licenses of qualifying managers and company registrations shall be prominently displayed in the registered company's office, and no registration issued hereunder shall authorize the company to do business except from the location for which the registration was issued. Each registered company having a branch office or more than one branch office shall be required to display its branch office registration prominently in each branch office it maintains.

When a registered company opens a branch office it shall notify the registrar in writing on a form prescribed by the board and issued by the registrar in accordance with rules and regulations adopted by the board. The notification shall include the name of the individual designated as the branch supervisor and shall be submitted with the fee for a branch office prescribed by this chapter.

34. Code section 8550(e) states:

It is unlawful for any firm, sole proprietorship, partnership, corporation, association, or other organization or combination thereof to engage or offer to engage in the practice of structural pest control, unless registered in accordance with Article 6 (commencing with Section 8610).

35. Code section 8649 states:

Conviction of a crime substantially related to the qualifications, functions, and duties of a structural pest control operator, field representative, applicator, or

registered company is a ground for disciplinary action. The certified record of conviction shall be conclusive evidence thereof.

REGULATORY PROVISIONS

36. California Code of Regulations, title 16, section 1912 states:

A registered company that opens a branch office shall notify the board of that fact within 30 days on a written form provided by the board (see form No. 43L-15 at the end of this section) accompanied by the required registration fee.

37. California Code of Regulations, title 16, section 1918 states:

"Supervise" as used in Business and Professions Code Sections 8506.2, 8610 and 8611 means the oversight, direction, control, and inspection of the daily business of the company and its employees, and the availability to observe, assist, and instruct company employees, as needed to secure full compliance with all laws and regulations governing structural pest control.

In cases of ownership of more than one registered company by the same sole owner, corporation or partnership where the qualifying manager or managers cannot supervise each registered company because of the location of the companies, the qualifying manager or managers may designate an individual or individuals licensed as an operator or as a field representative in the branch or branches of business being conducted to supervise the company. This designated supervisor or supervisors must be under the direct supervision of the qualifying manager or managers. Any such designation of supervisors does not relieve the qualifying manager or managers of responsibility to supervise as required in sections 8506.2 and 8610.

38. California Code of Regulations, title 16, section 1999.5 states, in pertinent part:

It is the purpose of this regulation to protect the public from false, misleading, deceptive, or unfair representations or claims concerning structural pest control while enabling the public to receive truthful and legitimate information about those structural pest control products and services and the potential of these products and services to reduce impact to health or the environment.

(f) Examples of direct or indirect statements or representations which are unfair, deceptive, untrue or misleading include, but are not limited to, the following:

(6) Any statement or representation that a pest control service, product, pesticide, or device or combination thereof offers a general environmental protection or benefit unless the statement or representation can be substantiated within the meaning of section 260.5 of title 16 of the Code of Federal Regulations (2008), hereby incorporated by reference, and is limited to the specific nature of the environmental or health benefit being asserted.

(10) Any unfair, deceptive, untrue or misleading comparison of pest control services, methods, products, pesticides or devices.

(11) Any statement or representation that a pesticide or device is certified, sponsored, recommended, endorsed, or approved by any agency of the Federal Government or the State of California, including but not limited to, "tested by the Department of the Interior," "EPA approved," "EPA registered," "approved by the Structural Pest Control Board," or "recommended by the Structural Pest Control Board," except that a statement or representation of this type is permissible if

specifically authorized by the Federal or State agency to which it refers.

COST RECOVERY

39. Code section 125.3 provides, in pertinent part, that the Board may request the administrative law judge to direct a licentiate found to have committed a violation or violations of the licensing act to pay a sum not to exceed the reasonable costs of the investigation and enforcement of the case.
