Introduced by Assembly Member Quirk

January 31, 2022

LEGISLATIVE COUNSEL’S DIGEST

AB 1733, as introduced, Quirk. State bodies: open meetings.
Existing law, the Bagley-Keene Open Meeting Act, requires, with specified exceptions, that all meetings of a state body be open and public and all persons be permitted to attend any meeting of a state body. The act defines a “meeting” to include any congregation of a majority of the members of a state body at the same time and place to hear, discuss, or deliberate upon any item that is within the subject matter jurisdiction of the state body to which it pertains. The act authorizes teleconferenced meetings under specified circumstances, provided that at least one member of the state body is physically present at the location specified in the notice of the meeting, and all votes taken during a teleconferenced meeting are taken by rollcall. The act provides that if the state body elects to conduct a meeting or proceeding by teleconference, the state body is required to post agendas at all teleconference locations and conduct teleconference meetings in a manner that protects the rights of any party or member of the public appearing before the state body. The act requires each teleconference location to be identified in the notice and agenda of the meeting or proceeding, and each teleconference
location to be accessible to the public, and the agenda to provide an opportunity for members of the public to address the state body at each teleconference location.

Existing law requires a state body to provide notice of its meeting to any person who requests that notice in writing and to provide notice of the meeting of its internet website at least 10 days in advance of the meeting, as prescribed. Existing law exempts from the 10-day notice requirement, special meetings and emergency meetings in accordance with specified provisions. Existing law authorizes a state body to adjourn any regular, adjourned regular, special, or adjourned special meeting to a time and place specified in the order of adjournment, and authorizes a state body to similarly continue or recontinue any hearing being held, or noticed, or ordered to be held by a state body at any meeting.

This bill would specify that a “meeting” under the act, includes a meeting held entirely by teleconference. The bill would require all open meetings to be held by teleconference, would allow for use of teleconference in closed sessions, and would remove existing provisions of the act that require each teleconference location to be identified in the notice and agenda and accessible to the public. The bill would instead require the state body to provide a means by which the public may remotely hear, or hear and observe, the meeting and may remotely address the state body via two-way audio-visual platform or two-way telephonic service, as specified, and would require information to be provided in any notice to the public indicating how the public can access the meeting remotely. The bill would require the state body to provide an opportunity for members of the public to address the state body. The bill would require the state body to provide members of the public a physical location to hear, observe, and address the state body, and would authorize the members of the state body to participate in a meeting remotely or at a designated physical meeting location, and specify that physical presence at any physical meeting location is not necessary for the member to be deemed present at the meeting. The bill would require the agenda to be posted 10 days in advance of the meeting, or as provided in accordance with the provisions applicable to a special or emergency meeting, as well as posted on the state body’s internet website and, on the day of the meeting, at any physical meeting location designated in the notice. The bill would also provide that the notice of the meeting is required to specify the means by which a meeting may be accessed by teleconference. The bill would prohibit the notice and agenda from disclosing any information regarding any remote location.
from which a member is participating, and require members attending a meeting from a remote location to disclose whether any other individuals 18 years of age or older are present in the room, as specified.

If a state body discovers that a means of remote participation, as defined, required by these provisions has failed during a meeting and cannot be restored, the state body would be required to end or adjourn the meeting and take specified actions to notify participants and communicate when the state body intends to reconvene the meeting and how a member of the public may hear audio of, or observe, the meeting.

This bill would remove certain notice provisions specific to advisory bodies of state boards.

Existing law prohibits a state body from requiring, as a condition to attend a meeting, a person to register the person’s name, or to provide other information, or to fulfill any condition precedent to the person’s attendance.

This bill would exclude from that prohibition an internet website or other online platform that may require identification to log into a teleconference.

Existing law limits the purposes for which a state body is authorized to call a special meeting, including, among others, consideration of disciplinary action involving a state officer or employee and consideration of license examinations and applications.

This bill would add to those purposes deliberation on a decision to be reached in a proceeding required to be conducted pursuant to provisions governing administrative adjudicative proceedings or similar provisions of law.

Under existing law, the Department of Consumer Affairs, which is under the control of the Director of Consumer Affairs, is composed of various boards, as defined, that license and regulate various professions and vocations. Existing law requires the boards to meet at least 2 times each calendar year. Existing law requires those boards to meet at least once each calendar year in northern California and once each calendar year in southern California in order to facilitate participation by the public and its licensees.

This bill would exempt a board from the requirement to meet in northern and southern California each once a year if the board’s meetings are held entirely by teleconference.

This bill would also make conforming changes.
This bill would declare the Legislature’s intent, consistent with the Governor’s Executive Order No. N-29-20, to improve and enhance public access to state and local agency meetings during the COVID-19 pandemic and future emergencies by allowing broader access through teleconferencing options.

This bill would declare that it is to take effect immediately as an urgency statute.

The people of the State of California do enact as follows:

101.7. (a) Notwithstanding any other provision of law, boards shall meet at least two times each calendar year. AMENDED IN ASSEMBLY MARCH 17, 2022
CALIFORNIA LEGISLATURE—2021–22 REGULAR SESSION

ASSEMBLY BILL No. 2452

Introduced by Assembly Member Chen

February 17, 2022

An act to amend Section 8698, 8698.1, and 8698.6 of the Business and Professions Code, relating to structural fumigation.

LEGISLATIVE COUNSEL’S DIGEST

AB 2452, as amended, Chen. Structural Fumigation Enforcement Program.

Existing law, until January 1, 2023, establishes a structural fumigation enforcement program that requires the Director of the Department of Pesticide Regulation to provide oversight for the program. Under that program, existing law requires any company performing a structural fumigation in specified counties, including the Counties of Los Angeles, Orange, Santa Clara, and San Diego, to pay the county agricultural commissioner a prescribed fee for each fumigation conducted at a specific location. Existing law authorizes the commissioners of those counties to perform increased structural fumigation, inspection, and enforcement activities to be funded by the required fee, and requires these funds to be paid to the county and used for the sole purpose of funding enforcement and training activities directly related to the structural fumigation program.

This bill would extend the operation of these provisions to January 1, 2024, and would remove the County of San Diego from the structural fumigation enforcement program.

An act to add Section 8693 to the Business and Professions Code, relating to structural pest control.

LEGISLATIVE COUNSEL’S DIGEST

SB 1064, as introduced, Newman. Structural pest control: workers’ compensation insurance coverage.

Existing law establishes the Structural Pest Control Board, within the Department of Consumer Affairs, and requires the board to license and regulate structural pest control operators, as specified. Existing law makes a violation of provisions regulating structural pest control operators a misdemeanor.

Existing law, the Contractors’ State License Law, provides for the licensing and regulation of contractors by the Contractors State License Board within the Department of Consumer Affairs. Existing law requires every licensed contractor, or applicant for licensure, to have on file at all times with the Contractors State License Board a current and valid Certificate of Workers’ Compensation Insurance or Certification of Self-Insurance, or a statement certifying that they have no employees and are not required to obtain or maintain workers’ compensation insurance, and specifies various rules that apply to certain license classifications. Existing law requires the insurer, including the State Compensation Insurance Fund, to report to the registrar of contractors the name, license number, policy number, dates that coverage is scheduled to commence and lapse, and cancellation date if the policy is canceled for specified reasons. Existing law provides that willful or deliberate disregard and violation of workers’ compensation insurance laws constitutes a cause for disciplinary action.
This bill would, similar to the provision governing contractors, prohibit the Structural Pest Control Board from issuing, reinstating, or continuing to maintain any structural pest control operator company registration under this chapter unless the applicant or existing company has filed a current and valid Certificate of Workers’ Compensation Insurance as evidence of current and valid Workers’ Compensation Insurance coverage, or a statement certifying that they have no employees and are not required to obtain or maintain workers’ compensation insurance. The bill would also require the insurer, including the State Compensation Insurance Fund, to report to the registrar of the Structural Pest Control Board the company name, registration number, policy number, dates that coverage is scheduled to commence and lapse, and cancellation date if the policy is canceled for specified reasons. The bill would provide that willful or deliberate disregard and violation of workers’ compensation insurance laws constitutes a cause for disciplinary action, and that a violation of these provisions is not a misdemeanor, as specified.

The people of the State of California do enact as follows:

SECTION 1. Section 8693 is added to the Business and Professions Code, to read:

8693. (a) The board shall not issue, reinstate, or continue to maintain any company registration under this chapter unless the applicant or existing company has filed a current and valid Certificate of Workers’ Compensation Insurance as evidence of current and valid Workers’ Compensation Insurance coverage. A Certificate of Workers’ Compensation Insurance shall be issued and filed, electronically or otherwise, by an insurer duly licensed to write workers’ compensation insurance in this state. If reciprocity conditions exist, as provided in Section 3600.5 of the Labor Code, the registrar shall require the information deemed necessary to ensure compliance with this section.

(b) This section does not apply to a registered company that has no employees provided that a statement is filed with the board on a form prescribed by the registrar prior to the issuance, reinstatement, or continued maintenance of a company registration, certifying that the registered company does not employ any person...
in any manner so as to become subject to the workers’ compensation laws of California or is not otherwise required to provide for workers’ compensation insurance coverage under California law.

(c) (1) The insurer, including the State Compensation Insurance Fund, shall report to the registrar the following information for any policy required under this section: company name, registration number, policy number, dates that coverage is scheduled to commence and lapse, and cancellation date if applicable.

(2) A workers’ compensation insurer shall also report to the registrar a registered company whose workers’ compensation insurance policy is canceled by the insurer if all of the following conditions are met:

(A) The insurer has completed a premium audit or investigation.
(B) A material misrepresentation has been made by the insured that results in financial harm to the insurer.
(C) No reimbursement has been paid by the insured to the insurer.

(d) (1) Willful or deliberate disregard and violation of workers’ compensation insurance laws constitutes a cause for disciplinary action by the registrar against the registered company and the qualifying manager or managers.

(2) The provisions of Section 8553 shall not apply to any violation of this section.

[ Approved by Governor June 30, 2022. Filed with Secretary of State June 30, 2022. ]

(20) Existing law, the Bagley-Keene Open Meeting Act, requires, with specified exceptions, that all meetings of a state body be open and public and all persons be permitted to attend any meeting of a state body. The act requires at least one member of the state body to be physically present at the location specified in the notice of the meeting. Existing law authorizes teleconferencing subject to specified criteria, including, among others, that agendas be posted at all teleconference locations and that each teleconference location be identified in the notice and agenda of the meeting or proceeding and be accessible to the public, and that members of the public be able to address the state body directly at each teleconference location. This bill, until July 1, 2023, would authorize, subject to specified notice and accessibility requirements, a state body to hold public meetings through teleconferencing and to make public meetings accessible telephonically, or otherwise electronically, to all members of the public seeking to observe and to address the state body. With respect to a state body holding a public meeting pursuant to these provisions, the bill would suspend certain requirements of existing law, including the requirements that each teleconference location be accessible to the public and that members of the public be able to address the state body at each teleconference.
location. Under the bill, a state body that holds a meeting through teleconferencing and allows
members of the public to observe and address the meeting telephonically or otherwise
electronically would satisfy any requirement that the state body allow members of the public to
attend the meeting and offer public comment. The bill would require that each state body that
holds a meeting through teleconferencing provide notice of the meeting, and post the agenda,
as provided. The bill would urge state bodies utilizing these teleconferencing procedures to use
sound discretion and to make reasonable efforts to adhere as closely as reasonably possible to
otherwise applicable provisions, as provided.
This bill would repeal those provisions as of July 1, 2023.

SEC. 80. (a) The Legislature finds and declares that during the COVID-19 public health
emergency, certain requirements of the Bagley-Keene Open Meeting Act (Article 9 (commencing
with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2 of the Government Code) were
suspended by Executive Order N-29-20. Audio and video teleconference were widely used to
conduct public meetings in lieu of physical location meetings, and public meetings conducted
by teleconference during the COVID-19 public health emergency have been productive, have
increased public participation by all members of the public regardless of their location in the
state and ability to travel to physical meeting locations, have protected the health and safety of
civil servants and the public, and have reduced travel costs incurred by members of state bodies
and reduced work hours spent traveling to and from meetings.
(b) The Legislature finds and declares that Section 20 of this act, which adds and repeals Section
11133 of the Government Code, increases and potentially limits the public’s right of access to
the meetings of public bodies or the writings of public officials and agencies within the meaning
of Section 3 of Article I of the California Constitution. Pursuant to that constitutional provision,
the Legislature makes the following findings to demonstrate the interest protected by this
limitation and the need for protecting that interest:
(1) By removing the requirement that public meetings be conducted at a primary physical
location with a quorum of members present, this act protects the health and safety of civil
servants and the public and does not preference the experience of members of the public who
might be able to attend a meeting in a physical location over members of the public who
cannot travel or attend that meeting in a physical location.
(2) By removing the requirement for agendas to be placed at the location of each public official
participating in a public meeting remotely, including from the member’s private home or hotel
room, this act protects the personal, private information of public officials and their families
while preserving the public’s right to access information concerning the conduct of the people’s
business.
