

NOTICE OF FINDING
Structural Pest Control Board Meeting
Held February 20, 2009

February 23, 2009

To Whom It May Concern:

At its teleconferenced meeting of February 20, 2009, five members of the Structural Pest Control Board (Board) unanimously found that the delay associated with providing notice ten days prior to the meeting would have placed substantial hardship on the Board as it conferred with its legal counsel on matters regarding ongoing litigation and the resolution thereof.

Accordingly, having made the necessary finding pursuant to the provisions of subdivision (c) of section 11125.4 of the Government Code, the Board proceeded with the meeting.
