Mr. Tamayo asked if the action items that are identified within the strategic plan are also subject to Board approval.

Mr. Roy stated that the action items can be included in the strategic plan that requires Board approval or it can be a separate internal document that does not require Board approval. That distinction is left to the Board’s discretion.

Mr. Tamayo asked if there are performance measures related to the strategic plan that are reported on.

Mr. Roy stated that there are not formal performance measures but within the action plan there are milestones for each goal that allow for measurement of progress.

Mr. Utley asked if within a 5 year plan there could be goals set at the 1, and 3 year mark.

Ms. Chohan stated there could be 1 and 3 year goals written into a 5 years strategic plan.

Mr. Duran asked how similar the strategic plan would be to the one the Board currently has in place.

Ms. Chohan stated that the structure of the strategic plan would be similar to the one currently in place and she would work with Ms. Saylor on identifying new areas of emphasis or concern.

PRESENTATION BY BRANDON KITAGAWA OF REGIONAL ASTHMA MANAGEMENT AND PREVENTION ON INTEGRATED PEST MANAGEMENT BENEFITS RELATED TO ASTHMA CONDITIONS.

Mr. Kitagawa gave a presentation to the Board on the impact of pests and pest control on asthma rates and the role of Integrated Pest Management in lessening those impacts.

Mr. Duggal stated that Integrated Pest Management has a big role to play in many areas beyond asthma mitigation and in order to move forward many departments should be brought in to the effort to expand its use.
Mr. Good asked if there was any distinction contained in the data between licensed and unlicensed pest control work.

Mr. Kitagawa stated that there is no such distinction in the data due to the difficulty in identifying unlicensed work.

Mr. Tamayo stated that the Board plans to form a Committee to look at Integrated Pest Management as a whole once it receives feedback from staff from the Integrated Pest Management Workshop which was held January 23, 2014.

**APPROVAL OF MINUTES FROM THE OCTOBER 16 & 17, 2013 BOARD MEETING**

**EXECUTIVE OFFICER’S REPORT**

Ms. Saylor reported on Licensing and Enforcement survey results and statistics, staffing changes, WDO statistics and examination passing rates.

Mr. Good asked if Ms. Saylor anticipated an increase in examination passing rates after the transition to computer based testing.

Ms. Saylor stated that in addition to the introduction of computer based testing we are conducting examination writing workshops with industry people with the goal of increasing examination passing rates.

Mr. Duggal asked if in the construction of new examination questions there was a focus on Integrated Pest Management questions that would coincide with any new Integrated Pest Management continuing education requirements.

Mr. Muteff stated that such discussion would be off agenda but the topic could be added as a future agenda item.

Mr. Utley asked if Ms. Saylor thought the low examination passing rates were attributable to the test being re-written after it was compromised last year.
Ms. Saylor stated that a number of factors have contributed to the low passing rate and reiterated the goal of achieving better passing rates through examination re-writes and computer based testing.

Ms. Saylor introduced Mr. Skelton as a new Administrative Analyst and announced that a job offer had been made to fill the vacancy left in the Licensing Unit by Mr. Skelton’s departure.

Ms. Saylor stated that until July, 2014 staff is accepting new insurance and bond information without the requirement of a Change of Bond and/or Insurance Form or fee associated with the change to ease the burden of transition on industry.

Mr. Utley asked Ms. Saylor if a letter would be sent to industry concerning the form and fee requirement being waived.

Ms. Saylor stated that no letter to industry would be sent but that Naomi Sanchez in the Licensing Unit is disseminating the information through her contacts with bond and insurance companies.

Mr. Good congratulated the Board on the implementation of computer based testing for Field Representatives and Operators and listed the numerous ways this development is beneficial to the pest control industry.

Ms. Saylor stated that the Board’s informational brochures have been redesigned and will be available for distribution to the public and industry in the coming weeks.

Mr. Duggal suggested that these brochures should be provided to industry for distribution to consumers who are in need of pest control services.

Ms. Quiroz asked if the brochures are available in languages other than English.

Ms. Saylor stated that currently they are not but the ability to create them does exist.

Mr. Tamayo asked Ms. Saylor to report back to the Board on which languages are available.
CONSIDERATION OF ESTABLISHING A PRE-TREATMENT COMMITTEE TO REVIEW PRIOR RECOMMENDATIONS AND LEGISLATION

Mr. Good summarized the issues and goals surrounding the practice of pre-treatment and discussed the work done by the previous pre-treatment committee highlighting the prevalence of consumer fraud associated with the practice.

Mr. Tamayo asked Mr. Muteff for some guidance as the Board considers the re-establishment of a pre-treatment committee.

Mr. Muteff stated that the focus of the previous pre-treatment committee’s work was prevention of consumer fraud and that their work set a good foundation for a re-established pre-treatment committee to build on.

Mr. Tamayo asked if there were comments from industry or the public on the establishment of a pre-treatment committee.

Vernard Lewis, UC Berkeley stated that the issue of pre-treatment is being dealt with at the federal level as well and perhaps any action taken by the Board could dovetail with that.

Harvey Logan, Western Exterminator Company stated that the industry badly needs action taken on the issue of pre-treatment and urged the Board to create a pre-treatment committee.

Mr. Tamayo in his capacity as Board President indicated that he would form a pre-treatment committee and stated that staff will be notified of the members who are chosen.
