8 **SIXTH CAUSE FOR DISCIPLINE**

9
10 56. The grounds for disciplinary action against Dave Daniel Chavez's Operator License
11 as stated in Paragraphs 28-32 of the Accusation are also grounds for disciplinary action against
12 Dave Daniel Chavez's Field Representative License No. FR 32146, Br. 2. Complainant refers to,
13 and by this reference incorporates fully, the allegations as set forth in Paragraphs 28-32 of the
14 Accusation.

15 **FENG PROPERTY**

16 57. On or about February 23, 2011, Wendell T. Polk, Jr. ("Respondent Polk" or
17 "Respondents"), an employee of Apple Termite Inc. ("Respondent Apple Termite" or
18 "Respondents"), inspected the property located at 4855 Halifax Road, Temple City, California
19 ("Feng property"), for wood destroying pests and organisms for escrow purposes and thereafter
20 issued Wood Destroying Pests and Organisms Inspection Report No. W 10041 ("Inspection
21 Report No. 10041"). The report indicated it was ordered by, and provided to, Carmen Spennato of
22 Citrus Edge Realty. The inspection report made findings of the following: evidence of drywood
23 termites, subterranean termites and surface fungus in the substructure, evidence of drywood
24 termites in the attic and garage, and evidence of drywood termites, drywood termite damage and
25 dry rot at the exterior framing. The inspection report made recommendations to chemically treat
26 the visible and accessible drywood termite infestations, to remove or cover accessible termite
27 pellets, replace damaged wood as necessary, to pressure "rod" treat, trench application or low
28

1 pressure spot spray as necessary, to break the accessible evidence of infestation, to scrape and
2 treat the decay fungi and patch any minor surface damage.

3 58. On Inspection Report No. 10041, Respondent Polk failed to make proper findings
4 regarding the excessive moisture condition responsible for the fungal infections and failed to
5 include a recommendation to correct the excessive moisture condition responsible for the
6 infections. Inspection Report No. 10041 failed to include the address of the individual or firm
7 ordering the report and of any person who is a party of interest and the address where the report
8 was to be sent. Additionally, the address listed for Respondent Apple Termite on the inspection
9 report is not the address that is registered with the Board.

10 59. On or about March 28, 2011, Respondent Apple Termite issued a Standard Notice of
11 Work Completed and Not Completed for the Feng Property. The completion notice certified that
12 all of Respondent Polk's recommendations in Inspection Report No. 10041 had been completed.
13 The completion notice failed to include the address for Respondent Apple Termite that is
14 registered with the Board, providing an unregistered address instead.

15 60. On or about December 28, 2011, the Board received a written complaint from Mr.
16 Feng. Mr. Feng wrote that Respondents failed to complete the recommended work prior to the
17 close of escrow on May 11, 2011. Mr. Feng wrote that following the close of escrow Respondent
18 Apple Termite would schedule appointments and promise to continue with repair work, but
19 would either fail to show for the appointments or leave before the work was completed,
20 repeatedly citing a lack of materials. Mr. Feng requested that Respondent Apple Termite
21 complete the work in a professional manner.

22 61. On or about February 1, 2012, Dave Daniel Chavez ("Respondent Chavez" or
23 "Respondents") performed an additional inspection of the Feng property at the request of Mr.
24 Feng, and thereafter issued Wood Destroying Pests and Organisms Inspection Report No. W
25 8490. The inspection report made one finding: decay fungi damage at the exterior wood
26 members and recommended replacing the decay fungi damaged wood members. The report
27 failed to identify the excessive moisture conditions responsible for the infections and failed to
28

1 include a recommendation to correct the excessive moisture conditions. The inspection report
2 also failed to identify numerous other conditions and sources of damage at the Feng property.

3 62. On or about February 28, 2012, Board Specialist Steven Smith examined the Feng
4 property and determined that Respondents committed multiple violations of the Board's rules and
5 regulations. Board Specialist Steven Smith performed a Wood Destroying Organisms Activity
6 Search on the Feng property and also determined that Respondents failed to file with the Board
7 the February 23, 2011, inspection report, the March 28, 2011, completion notice and an additional
8 inspection report and completion notice for work completed on February 17, 2012.

9 63. On or about March 5, 2012, Board Specialist Steven Smith prepared a Report of
10 Findings to Respondent Apple Termite, indicating twenty-one (21) violations of the Business and
11 Professions Code and California Code of Regulations, which he mailed to Respondent Apple
12 Termite's address of record.

13 64. On or about April 3, 2012, Board Specialist Steven Smith spoke with an employee of
14 Respondent Apple Termite. The employee stated that no Report of Findings had been received.
15 Specialist Steven Smith faxed the Report of Findings to the number given by the employee of
16 Respondent Apple Termite. The Report of Findings requires the company to bring the property
17 into compliance within 30 days upon receipt of the Report of Findings. To date, Respondent has
18 not complied with Board Specialist Steven Smith's Report of Findings.

19 **FIRST CAUSE FOR DISCIPLINE**

20 **(Failure to Complete the Work in a Quality and Workmanlike Manner)**

21 65. Respondent Apple Termite's company registration and Respondent Chavez's
22 Operator License and Field Representative License are subject to discipline under Code section
23 8641, in that on or about February 1, 2012, concerning the Feng property, Respondents failed to
24 comply with California Code of Regulations, title 16, section 1937.14 as follows:

25 a. Respondents failed to complete the work in a quality and workmanlike manner
26 regarding the replacement of the reported termite and decay fungi damage at the carport, the
27 replacement and/or reinforcement of the unreported damage at the garage, the replacement of the
28 reported termite damage at the front porch, the replacement of the unreported damage at the

1 house eaves, and the replacement of the reported termite and decay fungi damages at the rear

12 the additional repair work completed on February 17, 2012, at the carport, garage eaves, front and
13 rear porches and the house eaves.

14 **Section 8516.5:**

15 b. Respondents Apple Termite and Chavez failed to prepare and deliver a copy of the
16 April 25, 2012, inspection report to the owner of the Feng property within 10 business days
17 following the date of the inspection. As of May 11, 2012, Mr. Feng indicated that he had not
18 received a copy of the report.

19 **Section 8516(b)(2) and Section 8516(b)(3):**

20 c. Respondents Apple Termite and Chavez failed to include the correct name of the
21 person or firm ordering the report, or of any person who is a party of interest on the February 1,
22 2012, inspection report. The inspection report indicated Mr. Feng's name as Mr. Lee instead of
23 Li Feng.

24 **Section 8641:**

25 d. Respondents Apple Termite and Chavez prepared an inspection report without
26 making a bona fide inspection of the premises. The April 25, 2012, inspection report contained
27 findings and recommendations regarding the attic and substructure, even though Respondents did
28

1 not physically inspect those areas. The majority of findings depicted on the inspection report
2 diagram prepared by Respondents simply do not exist.
